BUDGET 2016 SUPPORTS CANADIANS

Dear Friends & Neighbours,

The summer weather is a reminder of how lucky we are to live in a beautiful city where many, myself included, enjoy biking to work, walking, or taking transit on a regular basis. On June 18th I was pleased to attend the launch of the Liberal Government's very first finalized Infrastructure Agreement, a deal with British Columbia to fund \$900 million in public transit improvements. The Government of Canada will contribute a full 50% toward "shovel-worthy" projects to modernize and expand transit services in BC.

Broadway is a very busy transportation corridor, so the \$12 million allocated for planning and design of better public transit along Broadway is welcome news. As the project moves forward, proper consultation with Broadway merchants and local residents will be absolutely crucial to creating the best possible outcome, and I will work to make sure that happens.

This summer will be busy with a number of local public events and festivals. I look forward to chatting with you at a neighbourhood gathering or one of our MP Policy Cafés in various neighbourhoods around Vancouver Quadra. Please check my website for details.

Have a fun and safe vacation!

Best regards,

Joyce

BUDGET 2016:

Investing in early learning and child care

Every family with young children and parents working outside the home understands the importance of dependable, high quality child care. We want what's best for our children, and we know there is no more important investment society can make. There is ample research showing that every one dollar invested in early childhood education reaps two dollars in tax revenues and avoided social costs.

In 2005 a previous Liberal government launched a \$1 Billion per year 5-year

National Child Care program, but it was cancelled one year later by the new Conservative government. In Vancouver Quadra some families spend years on daycare wait lists in order to get a space.

The new Government of Canada understands this and we recognize that our more generous Canada Child Benefit program is not enough. Therefore Budget 2016 committed to invest \$500 million over two years to develop and establish a National Framework on Early Learning and Child Care. This work will be a joint

effort—the Government, provinces, territories and Indigenous peoples will all contribute to its creation. It is important to develop the best possible approach so that Canada can offer children who need it the high quality early learning and child care that will give them the best possible chance at a satisfying and successful future.
